Resources for K-12 Educators

Oklahoma Money Matters' free resources can help you boost your students' understanding of basic personal finance principles.

- ▶ Download *Your Money Matters*, an educational guide for high school students that highlights budgeting, saving, college planning, banking and consumer credit in a fun, informative way.
- ▶ *Borrow Smart from the Start* helps those who need a student loan to pay college expenses successfully monitor their debt level through college and manage the repayment system. Available for download in English and Spanish.
- ▶ Lesson plans and classroom activities that correspond with the concepts addressed in the *Your Money Matters* guide.
- ▶ Self-paced learning modules designed to help students navigate important financial decisions. Each module features learning objectives, tools, a quiz and a completion certificate.
- ▶ An interactive budgeting tool that teaches students how to make a customized spending plan to wisely manage their money and reach their financial goals.
- ▶ Adult money management guides for use in parent outreach, available in both English and Spanish.
