

Let's Go to College: School Success (4th & 5th Grade)

Is there a goal you'd like to reach? Doing well in school will put you on a good path to achieving your dreams. When setting a goal, you'll want to make sure it's **Specific** (clear-cut, precise), **Measurable** (countable, can be measured), **Attainable** (possible, achievable), **Relevant** (important, suitable) and **Time-based** (timeline, end date for project), or **SMART**. As you create SMART goals, write them down and keep them in a safe place. Your parents want to see you succeed, so speaking with them about school and the goals you've set will let them know how to support you and make sure you're at your best.
